Decrees and Work Administrative Orders shall not be impaired in any way by the Bankruptcy Cases, confirmation of a Plan of Reorganization, or this Settlement.

TREATMENT OF ADDITIONAL SITES

15. Additional Sites shall be treated as follows.

A. With respect to all Additional Sites, all liabilities and obligations of the Debtors to the Settling Federal Agencies under Sections 106 and 107 of CERCLA, 42 U.S.C. §§ 9606 and 9607, and Section 7003 of RCRA, 42 U.S.C. § 6973, arising from Prepetition acts, omissions or conduct of the Debtors or their predecessors, including without limitation the Prepetition generation, transportation, disposal or release of hazardous wastes or materials or the Prepetition ownership or operation of hazardous waste facilities, shall be discharged under Section 1141 of the Bankruptcy Code by the confirmation of a Plan of Reorganization, and the Settling Federal Agencies shall receive no distributions in the Bankruptcy Cases with respect to such liabilities and obligations, but the applicable reorganized Debtors may be required to pay the Settling Federal Agencies or such other party as they may designate, such amounts as are provided for in this Paragraph and Paragraph 16. Unless otherwise provided in a Settlement Agreement or Consent Decree, such liabilities and obligations shall be treated and liquidated as general unsecured claims on the terms specified herein.

B. If and when the Settling Federal Agencies undertake enforcement activities in the ordinary course with respect to any Additional Site, the United States may seek a determination of the liability, if any, of the Debtors and may seek to obtain and liquidate a judgment of liability of the Debtors or enter into a settlement with the Debtors with regard to any of the Additional Sites in the manner and before the administrative or judicial tribunal in which the Settling Federal Agencies' claims would have been resolved or adjudicated if the Bankruptcy

Cases had never been commenced. However, the Settling Federal Agencies shall not issue or cause to be issued any unilateral order or seek any injunction against the Debtors under Section 106 of CERCLA, 42 U.S.C. § 9606, or Section 7003 of RCRA, 42 U.S.C. § 6973, arising from the Prepetition acts, omissions or conduct of the Debtors or their predecessors with respect to any Additional Sites. The Settling Federal Agencies and the Debtors will attempt to settle each liability or obligation asserted by the Settling Federal Agencies against the Debtors relating to an Additional Site on a basis that is fair and equitable under the circumstances, including consideration of (i) settlement proposals made to other PRPs who are similar to the Debtors in the nature of their involvement with the site, (ii) the fact of the Debtors' bankruptcy, and (iii) the circumstances of this Agreement; but nothing in this sentence shall create an obligation of the Settling Federal Agencies that is subject to judicial review. The aforesaid liquidation of liability may occur notwithstanding the terms of the Plan of Reorganization, the order confirming the Plan of Reorganization, or the terms of any order entered to effectuate the discharge received by the Debtors.

C. In any action or proceeding with respect to an Additional Site, the Debtors and the Settling Federal Agencies reserve any and all rights, claims, and defenses they would have been entitled to assert had the claim been liquidated in the ordinary course or during the course of the Bankruptcy Cases, including, without limitation, any argument that joint and several liability should or should not be imposed upon the Debtors. Nothing herein shall be construed to limit the Parties' rights to assert any and all rights, claims and defenses they may have in actions or proceedings involving other parties with respect to Additional Sites.

D. Notwithstanding anything herein to the contrary, with regard to the Blackburn and Union Privileges Site, in Walpole, Massachusetts, which is an Additional Site as defined herein, Debtors reserve their right to object to the United States' claim No. 9634 as it regards such site within the time frame required by the confirmed Plan of Reorganization. In the event of such objection, the Blackburn and Union Privileges Site shall be excluded from this Settlement Agreement and the Parties reserve all their rights with regard to this Site.

16. In the event any Claim is liquidated pursuant to Paragraph 15 by settlement or judgment to a determined amount (the “Determined Amount”), the applicable Debtor(s) with which such settlement is made or against which such judgment is entered will satisfy such Claim within 30 days after the later of the effective date of the Plan of Reorganization or the date on which the settlement or judgment is final and effective (the “Settlement/Judgment Date”) by providing the holder of the Claim the “Distribution Amount.” The Distribution Amount shall be the value of the consideration which would have been distributed under the Plan of Reorganization to the holder of such Claim if the Determined Amount had been an Allowed General Unsecured Claim in such amount under the Plan of Reorganization. Except as provided in Paragraph 16, the Distribution Amount shall be paid in the same form (e.g., cash, notes, etc.) as was distributed under the Plan of Reorganization. Notwithstanding the above, the Debtor(s) and the United States may, with Bankruptcy Court approval, liquidate a Claim prior to confirmation with a cash settlement, in which case the amount and timing of the payment shall be governed by the court-approved settlement agreement.

17. In the event that the Plan of Reorganization provides that Allowed General Unsecured Claims will receive consideration other than cash, Debtors may, in their sole discretion, provide the non-cash portion of the Distribution Amount to the Settling Federal

Agencies in cash that has an aggregate value as of the Settlement/Judgment Date that is equivalent to the Distribution Amount. For purposes of determining the value of the consideration paid to the holders of Allowed General Unsecured Claims at the time of distribution(s), notes shall have a value equal to their face value and equity securities shall have a value equal to the weighted average of the reported regular way sales prices of all transactions for the security on the New York Stock Exchange on the date(s) of distribution (or the first date thereafter on which the security trades), or if the security is not listed or admitted to trade on such exchange, on the principal national securities exchange on which the security is listed or admitted to trading or, if not listed or admitted to trading on any national securities exchange, the weighted average of the reported bid prices for the security on all transactions on the National Association of Securities Dealers Automated Quotations National Market System or, if the security is not listed or admitted to trading on any national securities exchange or quoted on such National Market System, the weighted average of the reported sales prices for such security on all transactions in the over-the-counter market in the United States as furnished by any New York Stock Exchange member firm selected by the Debtors and the United States for that purpose. For purposes of determining the number of shares of securities that have the value of the Distribution Amount on the Settlement/Judgment Date, the fair market value per share of securities on the Settlement/Judgment Date shall be determined as set forth in the immediately preceding sentence. The terms of Paragraphs 15 and 16 and this Paragraph 17 of this Settlement Agreement shall apply to, be binding on, and inure to the benefit of any successor or assign of the Debtors to the extent that and only to the extent that the alleged liability of the successor or assign for an Additional Site is based solely on its status as and in its capacity of a successor or assign of the Debtors.

18. Claims of or obligations to the Settling Federal Agencies resulting from the Debtors' Postpetition conduct at Additional Sites that would give rise to liability under Sections 106 and 107(a)(1)-(4) of CERCLA, 42 U.S.C. §§ 9606 and 9607(a)(1)-(4), or Section 7003 of RCRA, 42 U.S.C. §6973, shall not be discharged under Section 1141 of the Bankruptcy Code by the confirmation of a Plan of Reorganization nor shall such claims or obligations be impaired or affected in any way by the Bankruptcy Cases or confirmation of a Plan of Reorganization.

19. The Settling Federal Agencies may pursue enforcement actions or proceedings under applicable law with respect to the Claims of and obligations to the Settling Federal Agencies under the foregoing Paragraph 18 in the manner, and by the administrative or judicial tribunals, in which the Settling Federal Agencies could have pursued enforcement actions or proceedings if the Bankruptcy Cases had never been commenced. The Debtors reserve the right to assert any and all defenses and counterclaims available to them under applicable law with respect to any such Claims and obligations except for any alleged defense of discharge of liabilities provided under the Bankruptcy Code, any plan of reorganization or order of confirmation. The Settling Federal Agencies reserve all of their rights with respect to any defenses or counterclaims asserted by the Debtors under this Paragraph.

The covenants not to sue contained in Paragraphs 27 and 29 of this Settlement Agreement extend only to the Debtors and the persons described in Paragraphs 27 and 29 above and do not extend to any other person. The Settling Federal Agencies and the Debtors expressly reserve all claims, demands and causes of action either judicial or administrative, past, present or future, in law or equity, which the United States or the Debtors may have against all other persons, firms, corporations, entities, or predecessors of the Debtors for any matter arising at or relating in any manner to the sites or claims addressed herein.
